

ALIENATION CASE TO BE TRIED OVER

Court Grants Motion Of Defendants
Burton And Myrtle Miller, Set-
ting Aside Verdict

EDNA MILLER GOT \$4,500

Woman Who Got Judgment From
Parents-In-Law, Will Have To
Try Case Again, Decision Says

The \$10,000 alienation of af-
fections case of Edna Miller against
her parents-in-law, Mr. and Mrs.
Burton Miller, will be tried over
again, according to a decision ren-
dered this morning in the circuit
court when the two defendants,
Burton Miller and Myrtle Miller were
granted their petition for a new trial.

The case was tried here January
18, at which time the jury awarded
the plaintiff \$4,500 judgment against
the two defendants. The motion for
a new trial was filed and argued on
February 8 in which each of the de-
fendants filed separate motions, and
a joint motion for a new trial.

The court decided that the jury
erred in rendering the decision on the
evidence presented and granted the
defendants their motion this morning
which will cause the case to be tried
over.

The present term of court will
come to an end Saturday, and next
week will be vacation, and with the
May term opening on May 7. The
court calendar is being arranged for
the first few weeks of the new term.

The American Security Company
is plaintiff in a suit filed against
Sarah A. Jones, et al., the com-
plaint being to foreclose a mortgage,
and collect on a note, in which the
demand is \$1,600. Several defend-
ants are named as parties to the
action, who are alleged to hold an
interest in the real estate that was
mortgaged to perfect the alleged loan.

Ollie Fry has filed a suit, in the
nature of a claim against Leslie
Hineman, administrator of the
estate for services rendered.

Three liquor law cases, which were
(Continued on Page Three)

GRADE SCHOOLS WILL GIVE CONCERT MAY 11

All Pupils From First To Sixth
Rooms Will Participate Entertain-
ment at Graham Annex

JUNIOR ORCHESTRA TO PLAY

A general grade school concert
will be given at the Graham Annex
auditorium Friday evening, May 11,
it was announced today by Miss Sa-
rah I. McConnell, supervisor of mu-
sic in the Rushville schools. The en-
tertainment will be in the nature of
a song feast, with several special
numbers. Every child in the Rush-
ville public schools from the first to
the sixth grades will have a part in
the concert.

A demonstration of sight reading
as it is taught in the first and sec-
ond grades will make up a part of
the program, and there will also be
solos by the little children and a
chorus of first grade pupils. The en-
larged junior school orchestra will
make its first appearance at this
time.

As so many concerts and shows
are to be given in the very near fu-
ture, Rushville people are urged not
to confuse the school concert with
other events. Tickets will be sold at
twenty-five cents each by pupils of
the fifth and sixth grades only. Tick-
ets will be in the hands of the pupils
by the first of next week. The pro-
ceeds will be used to purchase sup-
plies used in the music department
of the schools, as in the past.

FIRST CORN PLANTED

The first field of corn that has
been reported to be planted in this
county, was planted today on the
Earl Mull farm north of the city,
in Rushville township. Mr. Mull has
completed during an eight acre
field and it is believed to be the first
for this spring. It has been rather
a backward season for farmers and
corn planting has been delayed on
account of the weather.

SLIGHT SCHEDULE CHANGE

Three C. I. & W. Eastbound Trains
Change Time Sunday

A change in the passenger sched-
ule of the C. I. & W. railroad has
been announced for next Sunday, af-
fecting all three eastbound trains,
but the change is only slight, with
the greatest variance being 17 min-
utes off the present schedule.

Passenger number 35, Chicago
mail train, which now arrives at
6:58, will come at 7:01 after Sun-
day; train 31, due now at 11:34 in
the morning, will come earlier, ar-
riving at 11:17; and train 37, due at
3:26 in the afternoon will come one
minute earlier, at 3:25. All of the
westbound trains will run as usual,
with no changes announced.

TRANSPORTATION PROVED BIG COST

Rush County Spent More Than \$65,-
000 in Hauling School Children
In Year 1922

DIVIDED AMONG TOWNSHIPS

Figures Are Used as Basis of Ad-
dress Delivered by C. M. Trow-
bridge at Mays, Tuesday

It cost the taxpayers of Rush
County something in the neighbor-
hood of \$65,000 for transporting
school children between their homes
and schools, during the year of 1922,
according to figures compiled by
Charles M. Trowbridge, who deliv-
ered an address Tuesday night to the
Center township farmers' federation.

The reports of the costs in the
various townships were submitted to
Phil Wink, county auditor, by the
trustees who provided an itemized ac-
count for each township, excepting
Anderson, which was not available.

Mr. Trowbridge, in his address,
pointed out that the cost of hauling
school children in this county, was
greater than the amount of taxes
paid for maintaining all of the
improved highways in the county.

Of the statistics for the eleven
townships, it totalled \$59,124.67
for the year, and as Anderson township
was not included, it was believed
that the cost there would equal the
cost of the Ripley township trustee,
which was \$7,224.95, and which
would bring the total to more than
\$66,000.

Ripley township, with the above
amount, expended more money than
any other school unit for transpor-
tation, while Noble township had the
lowest cost with \$2,948.08 for the
year of 1922.

The following is the complete cost
of the townships, excepting Ander-
son. (Continued on Page Three)

Y. M. C. A. STATE WORK WILL BE DISCUSSED

Citizens Dinner Will Be Held At
Main Street Christian Church
Next Wednesday Evening

STATE WORKERS TO SPEAK

Invitations have been sent through
the mails to scores of Rushville citi-
zens, inviting them to attend what
the invitation styles a "Christian
Dinner Conference" to be given at
the Main Street Christian church
next Wednesday evening, May 2, at
six-thirty o'clock. The theme will
be, the program states, the program
and service of the State Young
Men's Christian Association of In-
diana and its extension. The guests
of honor, who will be the "main
speakers, are announced as W. H.
Insley of Indianapolis, C. A. Teve-
baugh, state Y. M. C. A. secretary,
and R. J. Duke, assistant state
secretary. The dinner will be very
informal, it is announced, and there
will be no solicitation of funds.

The local committee, acting as
sponsor for the dinner is composed
of the following citizens:

Samuel H. Trabue, Frank H.
Greep, J. H. Scholl, Walter R.
Thomas, William A. Young, J. B.
Kinsinger, Thomas M. Green, Hugh
E. Mauzy, Will M. Sparks and
Wardner Wyant.

HERE IS A GOOD CHANCE FOR A LOT OF EXCITEMENT

ENFORCEMENT 2 YEARS COMPARED

Much Better Progress Made In 1922
Bert C. Morgan Shows In Report
To Washington

554 STILLS CONFISCATED

Three Noteworthy Accomplishments
Of Year Are Remus, Vermillion
County And Gary Cases

Washington, April 25.—Federal
Prohibition Director Bert C. Morgan
of Indiana in comparing the accom-
plishments of 1922 with those of the
preceding year, advises Federal
Prohibition Commissioner, R. A.
Haynes that 554 stills were confis-
cated as compared with 232 in 1921,
a total of 6,685 gallons of spirits
destroyed as against 3,654 gallons
the previous year, an increase
of 3,131 gallons. In 1922 6,
545 gallons of malt liquor were
seized, as compared with 3,400 gal-
lons in 1921 an increase of 3,142
gallons.

A total of 6,230 gallons of wine
was confiscated in 1922, an increase
of 2,400 gallons over 1921. In 1923
there were 144,398 gallons of mash
destroyed as compared with 19,
948 gallons in 1921 an increase of
124,450 gallons, 2,495 fermenters
destroyed in 1922, as against 776 in
1921, an increase of 1,719, 1,001
arrests in 1922 an increase of 374
over 1921 and fourteen places closed
by injunction in 1922, while none was
closed in 1921.

"These figures include only cases
where our men were involved and
do not represent the numerous cases
made by local officials," says Di-
rector Morgan. "A contributing fac-
tor has been the closer cooperation
between the department and local
officials. The force is composed
of trained men who know the meth-
ods and practices of the liquor vi-
olators, and for this reason are able
to accomplish more and better work
in less time.

"Three noteworthy accomplish-
ments of the past year are the
Remus case, conspicuous because it
broke up the largest organized bond-
ed whiskey ring in the country and
resulted in a conviction with maxi-
mum sentences and fines; the in-
junction cases in Vermillion county,
which constituted the first general
use in this state of injunction pro-
ceedings; and the Gary case, one
of the biggest conspiracy cases ever
developed in this state and result-
ing in the conviction of fifty-five de-
fendants, including the mayor and city
judge of Gary."

SAFETY SAM

Judgin' by th' late news, some peo-
ple seem 't think they can go on danc-
in' or defyin' car track dangers in-
definitely, without payin' th' penalty.

BANDITS MAKE HAUL ON LIQUOR STORAGE

Seven Men, One Dressed Like Police-
man, Raid Warehouse At St. Louis
Stealing 50 Barrels Of Whiskey

WAS VALUED AT \$100,000

St. Louis, Mo., April 25.—Seven
bandits, their leader disguised as a
policeman, early today raided a
government warehouse here, bound
and gagged two watchmen, and
escaped with fifty barrels of bonded
whiskey, valued at approximately
\$100,000.

The hi-jackers intercepted Herman
Diekhoner, watchman, on his regu-
lar beat, tied him up in the ware-
house, captured and bound John
Rosenthal, watchman of an adjoin-
ing firm, and then consumed three
hours in loading the whiskey on a
truck.

Diekhoner, who freed himself this
morning, told police the men drove
away in the truck shortly before
5 a. m. The leader of the bandits,
he said, wore a blue uniform with
brass buttons and a patrolman's
cap.

The warehouse, now under govern-
ment supervision, was formerly the
Garrett and Company, wine dealers
storage house.

K. K. K. MEETING AT MAYS

Announcement was made today of
a Ku Klux Klan address to be given
Thursday night, April 26, at Mays.
The meeting will be held at the Mays
opera house and will begin at 8 o'-
clock. The public, men and women,
is invited to attend. Dr. Kane, a na-
tional lecturer of the Ku Klux Klan
will be the speaker, it is announced,
and will outline the principles of the
organization. He is said to be wide-
ly known as a speaker and it is ex-
pected that he will be greeted by a
large audience.

SPEECH EXCITES G. O. P. LEADERS

East Is Stilled Over President Har-
ding's Stand On The World Court
Issue Made In New York

WILL AWAIT THE REACTION

Senator Watson Doesn't Exactly
Anree, And The President Will
Wait Until People Are Heard

By LAWRENCE MARTIN

(U. P. Staff Correspondent)

Washington, April 25.—Political
Washington was at fever heat of
excitement today over President
Harding's New York speech tying to
his 1924 candidacy and to his
party's fortunes the world court
issue.

Mr. Harding returned from New
York early this morning. Senator
Watson of Indiana also came back
from New York and hunted up Sen-
ator Lodge to talk with him about
the president's speech.

Lodge was expected to call at the
White House. Republican politi-
cians were waiting to hear what he
would say after meeting Mr. Har-
ding. For Lodge's statement of his
position on the court issue, which
he has promised to issue after he
has discussed the matter with the
president, will give lesser Republi-
cans their cue, and notify them
whether there is a split in the party.

Mr. Harding returned calmly to
face the opposition here. He knew
it would come and was prepared for
it. What he was more interested in,
he told members of his party on the
return journey, was the reaction of
the country at large. It is to be
done to appraise that reaction but
Mr. Harding indicated he would not
be much disturbed by what Lodge
Watson, Brandegee or McCormick
said until he had learned whether
the people at large sided with him or
with his Republican critics.

The president feels that his ease
and that of the Watson group is now
before the people. If the country
shows that it agrees with him, he
will vigorously continue to urge that
the United States become a party to
the court. If the other side prevails
with the public he probably will yield
gracefully by letting the court issue
slip quietly into the back ground.

Watson, who went everywhere
yesterday that Mr. Harding went,
but who did not confer with the pre-
sident—even walked past him at the
ball game without speaking—said the
whole discussion in Republican ranks
(Continued On Page Three)

CHEMICALS PUT OUT \$100 FIRE ON ROOF

Firemen Use Two Lines, or 90 Gal-
lons, in Holding Down Loss at 840
North Jackson Street

OCCUPIED BY CHAS. PEEK

A dwelling occupied by Charles
Peek, 840 North Jackson street, was
damaged by fire this morning at 9:15
when a hole was burned in the roof,
causing a loss estimated at \$100 to
the property, and which is owned by
Mrs. Sarah Mock. Insurance will
cover the loss, Mrs. Mock stated.

The origin of the blaze was a
mystery, as it was centered around
a chimney, but no fire was in the
stove at the time. Burning embers
from a trash pile or sparks from a
chimney on a nearby house might
have set the roof on fire.

When discovered, it was making
rapid headway over the shingle roof.
The fire department was called over
the telephone and an alarm was
turned in from box 142, Eighth and
Jackson streets. When the fire trucks
arrived, they directed two lines of
chemical hose, and extinguished it
without throwing water, using 90
gallons of chemicals from two
trucks. The household goods were
not damaged, and the loss was con-
fined to the dwelling.

ATTEMPT MADE TO STOP EXTRADITION

Armour Phillips Will Make Ar-
rangements to Prevent Papers
Being Made to Return Wife

IS THE "HAMMER MURDERESS"

Paces Herself Into a Fury, ranting
Against American Justice, in Hon-
duras Prison

By ROBERT A. DONALDSON

(U. P. Staff Correspondent)

Los Angeles, Calif., April 25.—A
legal battle to thwart the efforts of
authorities to return Clara Phillips,
hammer murderess, from Honduras
is in prospect.

Armour Phillips declared today
he had made arrangements to engage
an attorney who may be dispatched to
the Central American republic to
bring all possible pressure to bear
against the return of his wife to the
United States—if it is her.

The state department will fight
any private attempts to thwart the
extradition proceedings.

Meanwhile under-Sheriff Biscailus,
is nervous in the fear that the cool
and resourceful jail breaker may
escape from her hotel, or from one
of the comic opera "gingerbread
jails" of Honduras. He has engaged
passage on the earliest steamer, a
Pacific Mail liner leaving May 5.

Unless Clara obtains a delay he
will return with her early in June.
She will be in hand-cuffs all the way
up to prevent a new escape.

Officials here are extremely fear-
ful that the trip south may after all
turn out for naught. They read O'-
Henry and are of the opinion that
some jailer may fall victim to her
modern wiles and that they will ar-
rive only to find her gone again.

Tegucigalpa, Honduras, April 25.—
Pacing herself into a fury ranting
against American justice the woman
who was arrested here as Clara
Phillips, the Los Angeles "hammer
murderess" was interviewed in the
city hall today for the first time.
The woman told the correspond-
ent her name was Mrs. Jessie Carlsen
(dispatches from Honduras have
hitherto referred to the prisoner as
Mrs. R. M. Young).

Bitter against reports, just as was
the escaped "tigress" this caged wo-
man threw up her hands in aversion
and disgust as the correspondent
entered her cell, by permission of
the authorities.

After the interview she said she
would talk no more to newspaper
men.

"I should not say a word—I
should keep my mouth shut until the
officers arrive from the United States
to take me back there," she cried.
She spoke with anger of the
(Continued On Page Three)

SECRETS OF DAVID TOLD BY CHILDREN

Boys And Girls, Mostly Under 10,
Legally Married, Appear in Probe
at St. Joseph

ALL EXONERATE THE "KING"

Although Legally Married, Customs
of The Cult Is That They Must
Live Apart for a Time

(By United Press)

St. Joseph, Mich., April 25.—A
score of children, legally married un-
der civil law, but whose religion
teaches they must never live as man
and wife, today told of the inner se-
crets of the House of David.

Boys with long hair covering their
shoulders and a white fuzz as the
only proof they abided by the cult's
orders against shaving, admitted to
Judge Harry J. Dingeman conduct-
ing a "one man" grand jury investi-
gation, that they were not celibate
husbands as required by the cult's
teachings.

Girls, supposed virgin wives, con-
fessed they did not observe the reg-
ulations of purity either before or
after marriage.

All, however, denied any wrong on
the part of "King" Benjamin Par-
nell, ruler of the colony who styles
himself the "seventh angel, the
young brother of Jesus Christ and
the Immortal Prophet."

Instances of transgressions of the
rules of the colony were declared by
the witnesses to be isolated instances
and not in any manner connected
with its teachings or ceremonies.

Playing together in an outer room
of the city hall council chamber, the
boys and girls gave the appearance
of any other normal group of school
children, with the exception of queer
costumes.

Boys carried bibles under their
arms and quoted texts to support
teachings of their cult with the ut-
most facility. All wore long trousers
although many appeared around 14
years of age and were still in the
awkward stage. Voices switched
from high to low as they talked.

The entire group had been married
in one wholesale ceremony last week.
Although applications for wedding
licenses stated all were over the 16
years required by Michigan law, sev-
eral appearing before the inquisition
have admitted more tender years.
Andrew Dougherty, attorney general
for Michigan, conducting the ques-
tioning of witnesses is seeking to
determine truth of charges brought
in civil suits that leaders of the col-
ony after using the girls for their
own purposes, marry them to hand-
picked husbands in order to protect
against prosecution.

One girl witness was asked by
Judge Dingeman:

"Have you abided by the rules and
had no relations with your hus-
band?"

(Continued on Page Three)

FALMOUTH WOMAN IS FOUND DEAD TODAY

Wife Of Thomas Fitzgerald, Expires
Of Heart Trouble, And Found
Dead In Bed

FUNERAL FRIDAY AFTERNOON

Mrs. Fitzgerald wife of Thomas
Fitzgerald, living two miles east of
Falmouth, was found dead in bed
this morning, having expired of heart
trouble sometime during the night.
The deceased was 53 years old, and
was well known in her community.
The county coroner from Fayette
county was called and investigated
the death, attributing the cause to
heart trouble.

The deceased was a daughter of
the late Mr. and Mrs. Thomas
Wright of that community. Besides
the husband, she is survived by the
three children, Mrs. Ed Kellar of
Connersville, Mrs. Joseph Thibault
of Indianapolis, and John Fitzgerald
who lived at home. Two brothers
also survive, who are Charles Wright
of Connersville and Mack Wright of
Rushville.

The funeral services will be held
Friday afternoon, but the hour and
place of service and burial was in-
definite today.

THE HOME GARDEN

A VEGETABLE ORNAMENT

Parsley is the ornament of the vegetable garden. Its use is as much ornamental as for flavor in cooking. Salads and other dishes garnished with its beautiful mossy curled leaves are always attractive. Then, too the finely-chopped leaves are used to sprinkle over various dishes as a finish, and the chopped leaves become an important part of the flavoring of soups, stews and other dishes.

Parsley is very slow to germinate and should be sown as early as seeds can be put into the ground. It may be used as an edging to a flower bed

RADISHES AND PARSLEY PLANTED IN SAME ROW WHEN RADISHES ARE READY TO HARVEST THE YOUNG PARSLEY SHOOTS ARE BEGINNING TO COME THROUGH.

with good effect and as only a few leaves are needed at a time, such as

are necessary for kitchen use may always be secured without destroying the ornamental effect.

A few plants of parsley are sufficient for the garden, and they should be given about eight to ten inches in which to develop their mossy foliage. The seed should be planted thinly and the place marked, so that it will not be overrun with weeds before the parsley puts in an appearance, as it often may wait a month before so doing. But once up, it makes fast growth, the young plants resembling celery.

It may be planted with radishes in the same manner as carrots are sometimes planted, the radishes serving to mark the row and being out of the way before the parsley appears. It likes good soil, but is not particular, and will give a sufficient crop of leaves to supply all needs in most any location, even in the shade.

If anyone has a fancy for decorative effect in the garden, a row of parsley, a row of beets and a row of chard will give an attractive foliage effect.

"We are on the square"

PLAN SUBJECT FOR DEBATE

Indiana University Urges Debates Pertaining To Radicalism

Bloomington, Ind., April 25.—The Extension Division of Indiana University is volunteering to cooperate with the State Bar Association and the State Department of Public Instruction in their joint program of educational work against radicalism. University officials have asked leaders of the two organizations what part the extension division can take in this program.

The State Bar association hopes that county contests may be arranged covering debates, orations and essay writing on subjects dealing with good citizenship. The Extension Division will help in this work, and will also provide material on the subject for the use of the discussion league. University officials believe the program is one that should have the support of all school leaders, and for that reason subscribes to the Bar Association suggestion for the study of such topics as the following:

"Dangers of paternalism," "Liberty or License, Which?" "Dangers of Indifference" and "A Government of Laws and Not of Men."

The Missionary Society will meet at the church next Wednesday, May 2.

Mr. and Mrs. Oral Stevens entertained at dinner Sunday, Mr. and Mrs. James Gray, Mr. and Mrs. Hugh Bever of Fairview and Carey Gray and son James of Aeton.

Miss Mollie Pulliam of near Milton was the guest of Mr. and Mrs. Dan Wicker, the first of the week.

Mrs. J. E. Wynn was a visitor in Indianapolis one day last week.

Mr. and Mrs. Arthur Looney and daughter Enid motored to Fairfield last Sunday to visit friends.

Mrs. John Heizer of Indianapolis was visiting relatives here last week.

Mr. and Mrs. Harvey Wall and children of Knightstown spent the week-end with Mr. and Mrs. Will Morris and daughter.

Miss Frances Morris is ill with the influenza.

Mrs. Winnie Dill of Rushville was the guest of her aunts, Mrs. A. C. Hasket and Miss Ivah Daubenspeck last Sunday.

TRY TO LOCATE COMPANY

Akron, Ind., April 25.—Business and professional men of Akron have subscribed \$7,000 to interest the

Rittenhouse Manufacturing company, Liberty Mills, Ind., to locate its plant here. The concern will employ 35 men at the start and more will be added later.

SECRETS OF DAVID TOLD BY CHILDREN

Continued from Page One
"No," she answered, blushing "my husband slipped into the dormitory at night."

"Did you break the rule of virginity before your marriage?"

"Yes."

"With more than one man?"

"With many."

Other girls who contended they had observed the rules may be examined by state physicians.

From the testimony, the following facts regarding the history and teachings of the House of David were learned by the investigators:

The colony, owning some of the richest farm lands in Berrien county, has its headquarters on the outskirts of Benton Harbor.

The eight hundred members live in three large buildings—Bethlehem houses, the women; Jerusalem, the men and Shiloh, "King" Benjamin and his retinue.

The House of David code has provided for marriages among its children since 1910, but decrees that until the "gathering of the colony from the four corners of the world is complete and the blood of the children of Israel is cleansed of inherited sin, there must be no marital relations—no children."

As far as known children have never been born in the colony. Members of the cult supposed to have transgressed these regulations, were banished publicly.

Most of the time of the colony workers is spent on the large farms, which produce most of the income for the upkeep of the organization.

The House of David also owns High Island, a lumber camp in Lake Michigan, which has been a fruitful source of revenue. When punished some members are sent to the island.

A baseball team, which despite whiskers and long hair, is of the crack amateur clubs of the midwest, for the up-keep of the colony.

All revenue goes to the colony leaders the "seven pillars" and the workers take no wages—being given only their board and lodging.

John R. Tucker, looking more like a girl with hair down his back in two braids, than his child wife Rosa, stoutly defended the name of Benjamin. John said he was 19, but his chin didn't even show. Fuzz. Rosa claimed she was 17 but school records show she is 15.

"The king is clean," John and Rosa both declared before the investigators.

Newcastle, Ind., April 25—Belief that Benjamin Purnell, head of the House of David at Benton Harbor, Mich., is dead was expressed today by Elijah Purnell, of this city, a brother of "King" Benjamin.

Benjamin is being sought by the attorney general of Michigan to answer charges of alleged immorality in connection with "purification" rites.

Elijah has not heard from his brother directly since the first of the year, he said. "Queen" Mary, wife of Benjamin, wrote in January that the "King" had had an attack of influenza and was traveling for his health.

Elijah owns a small grocery store here. He is deeply interested in the investigation of the cult now in progress in St. Joseph, Mich., but will not attend. He says his means are too limited to permit him to make the trip.

His brother who founded the sect is reputed to be worth a million.

Loving Care Wins Over Flesh Ties

Beatrice Childs Nuttall, 12, Chooses To Live With Woman Who Reared Her Rather Than The Woman Who Bore Her—Mother Sought Her Custody in Court

(By United Press)
Chicago, April 25—Loving care of a foster mother, today proved a stronger tie than flesh and blood relationship when Beatrice Childs Nuttall, 12, chose to live with the woman who reared her rather than the mother who bore her.

The pretty 12-year-old girl came into the court room of Judge Joseph B. David and said she desired to continue to live with Mrs. James Nuttall, wife of a Waukegan postal clerk, who adopted her when she was a week old.

Mrs. James Norris who twelve years ago became the mother of the illegitimate child in Sterling, Ill., had brought suit to recover custody of Beatrice. She said the baby was snatched from her side while she was lying unconscious following its birth.

"I like the nice lady who you say is my real mother, but I want to continue to live to the only regular mamma I ever knew," Beatrice said after the story of her birth had been revealed to her the first time.

Judge David, who called Judge Claire Edwards of Waukegan to sit with him in deciding the difficult case, had asked that the girl's wishes be consulted before a definite ruling is made. They were expected to rule within a few days on which mother will be given the custody of the child.

Mrs. Norris was heart-broken when informed of the girl's decision. "I have hunted for Beatrice for 12 years over eight states," she said.

"She was never adopted with my consent. When the baby was born, my family felt the disgrace keenly. I was banished from my home. I was delirious for three days after Beatrice's birth and during that time she was given to a children's home. Everyone wanted me to die. I never consented to her adoption."

The mother tearfully told of her long search through birth and adoption records in many cities before she finally located her child in Waukegan. The Nuttalls introduced her to her own child as an "old friend" and although a strong attachment developed in the child for her real mother, until the court proceedings Beatrice never knew the facts.

"I wasn't a bad girl," Mrs. Norris said. "My child's father, relative by marriage was brought to my parents home to live with us. I was only 17. As soon as I recovered after the baby's birth, we were married in order to give Beatrice a name."

SPEECH EXCITES G. O. P. LEADERS

is good humored and will remain so. "We aren't going to get mad about it," Watson said. "But the president's speech did not convince me on the point which I was principal concerned about—the six British votes. I do not think it will convince the American people either."

Watson regarded Mr. Harding's speech as a fine broad gesture which permitted him to tell his side of the story and predicted that from now on much less will be heard about world court issue from the president.

ATTEMPT MADE TO STOP EXTRADITION

American minister in Tegucigalpa, who reported her presence to the Washington state department and thus brought about her arrest.

"He has not treated my sister or myself, as women should be treated," she declared.

The woman referred to as her sister is in the same prison with her while J. C. Carsen, the man arrested with them, is held in the national penitentiary.

JUDGMENT BY DEFAULT

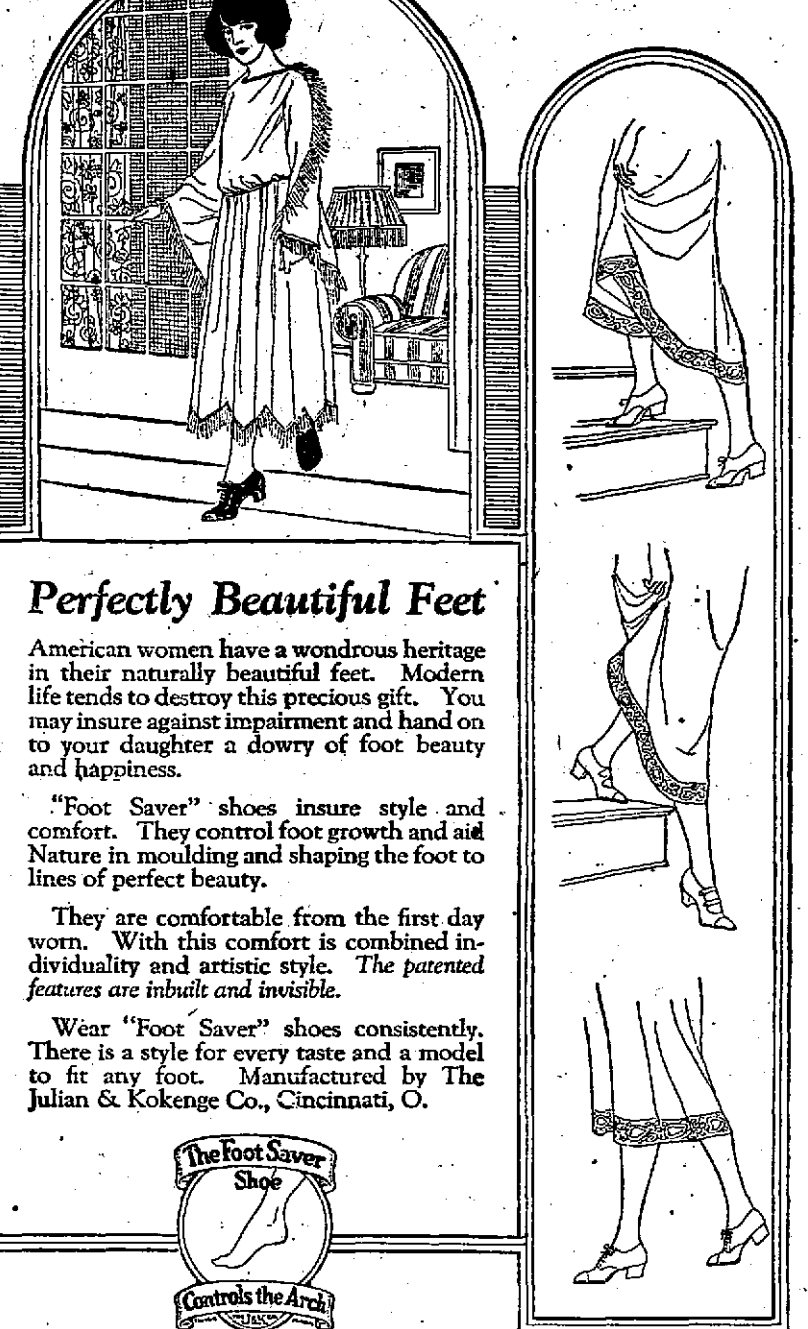

In the case of Sarah M. Kennard against Frank Hatfield and William S. Oneal, judgment was rendered this morning in Justice Stebb's court against the defendants, forfeiting a bond to the plaintiff in the sum of \$45 and costs, when the defendants defaulted. The bond was an appeal bond to the circuit court, and in which the appeal was dismissed in the higher court. The original case was an action for possession and damages.

MODEL CASHIER IS CHARGED WITH THEFT

Detectives Begin Search For E. B. Schwab, Trusted Clerk For Four Chicago Firms

\$75,000 SAID TO BE MISSING

Chicago, April 25.—Ernest B. Schwab model cashier by day and alleged cabaret habitue, shiek and "Prince of Spenders" by night was sought throughout the west today on embezzlement charges involving \$75,000.

Abraham Warsaw, president of the Weedron Silicia Company, one of the four firms for which Schwab acted as cashier, swore out a warrant for the fugitive after an initial shortage of \$18,000 was discovered. Detectives trailing the cashier, regarded by his firms as a trusted and efficient employee, declared that Schwab was known as the "sheik of the bright light district."

Schwab disappeared April 5, his employers believing he had gone on a vacation. His accounts in the Weedron Silicia company and the three other firms in the same suite offices were checked after it was said at his home that his wife had gone with her two children to California.

Pinkerton operatives announced they traced the cashier as far as Memphis, where, they assert, he was seen frequently about night cafes with a pretty woman.

From Memphis, the operatives believe, the trail leads to California.

BANK SAFE IS TAKEN

Winamac, Ind., April 25.—The authorities of northern Indiana were hunting today for the burglars who

carried off the safe of the Star City's State bank, ten miles south of here last night. The safe contained more than \$4,000 in silver currency. It is believed the safe was carried away in a motor truck. W. E. Geyer, rural route carrier, discovered the robbery.

After 8 Weeks You Must Change the Feed

For the first 8 weeks, Conkey's Buttermilk Starting Feed is the proper feed, scientifically, for chicks, but **Growing Chicks Must Have a Different Feed**

They must have more protein than the little chicks can stand. The same feed cannot serve for both purposes—for little chicks and for growing fowls—if you expect to get the best results. That's why Conkey makes

Conkey's
THE ORIGINAL
Buttermilk Growing Mash

This is the great developing feed that most successful poultrymen use to bring their fowls quickly to early maturity—that insures early broilers and layers. Just right in protein and low in fibre. It is a wonderful bone and flesh builder. Feed it for rapid and certain results.

Conkey's Buttermilk Starting Feed

Should always be fed for the first 8 weeks. It is an appetizing combination of pure, sweet grain and concentrated sanitary Buttermilk combined by a special process. Conkey uses Semi-Solid Buttermilk only—never dried Buttermilk.

Lord thy God shall bless thee in all
thine increase, and in all the works
of thine hands, therefore thou shalt
surely rejoice.—Deuteronomy 16: 15.

National Intelligence

Need for encouraging school children to think of civic affairs is becoming increasingly apparent. It is an easily established fact that the schools alone are unequal to this great task. A statistical survey of education conducted by the Federal Bureau of Education shows that the average child spends less than six years of his life time in school. Fortunately, the nation is saved from intellectual inertia through the influence of the press—the greatest single factor in post-school education of adolescents and adults.

It is a sad commentary upon statesmen and politicians of the present day to realize that these agencies which mold minds and manners of a people are severely handicapped. The public schools are overcrowded in every locality, yet, an official study of the holding power of the schools shows that only a small percentage of the children reach fitting educational levels. Government figures on the survival percentage show that only 86 percent of the beginning pupils reach the fifth grade; 73 percent the sixth grade; almost 64 percent the seventh grade; and about 58 percent the eighth grade; nearly 32 percent the first year of high school; 23 percent the second; almost 17 percent the third, and over 14 percent the fourth year of high school on schedule time.

The federal records show that a child will attend a total of 1,075.9 days, or an equivalent of 5.38 years of 200 actual school days each.

At the age of 5 the complete expectation of life, as shown by the United States life tables, is 56.21 years of 365 days each. The "average"

child as shown above attends school after this age only 1,075.9 days, or an equivalent of 2.95 years of 365 days each. By comparing these figures it is found that this "average" child attends school only one-nineteenth of his life, subsequent to his fifth birthday. In other words only 1 day in 19 is spent in scholastic preparation for life.

A relatively small percentage of negro children attends school. At the age of 11, when the largest percentage attends, only 72.7 percent are enrolled in school. After the children pass the age of 14 the rate of decrease in the percentage attending school becomes very pronounced. This is the age when most compulsory attendance laws cease to operate effectively, and the result is clearly in evidence in this figure. Only 22.6 percent of the children 18 years of age are to be found in school. Among our foreign-born white population the school mortality is very rapid after the age of 13, indicating that fewer school children enroll in the upper grades and high school. At the age of 18 only 6.8 percent of the foreign-born white children are to be found in school. Despite these astonishing figures, the over-crowded condition of schools today show the need of limiting the number of students. The press of the country is making every effort to enlarge and liberalize the understanding of the citizens. It is a necessary adjunct to the school system and is often the only source of enlightenment for large numbers of people.

The press has always been recognized as the teacher of the entire public. Without it the spirit of nationalism would be quickly extinguished for the intelligence conveyed by the newspapers and magazines has much to do with the formation of national character. Study of school and college mortality shows that the newspapers and magazines must take up the task of educating the people where the schools leave off. Their great effect is in the interchange of ideas. A nationally known educator has very aptly said: "The cities will read anyway; there are many educational opportunities in the cities anyway; but the small towns and the rural districts depend to a large extent on newspapers and magazines."

The nation of tomorrow depends upon the children of today. Beyond the education given in public schools must come acquisition of the knowledge of how to do things—that is the basis of material prosperity; and the knowledge of how to think—which is the basis of culture. A small percentage of our population obtains this additional knowledge in universities; another small percentage absorbs it from personal experience, but the great majority of us must get it by reading educational newspapers and periodicals. These publications are widening the scope of their service and the average newspaper of today conducts a school room in its special columns of questions and answers. The influence of the press cannot be measured in terms of dollars and cents. It is an integral part of our national life which still languishes under war-time postal taxation—five years after the war is ended.

FIFTEEN YEARS AGO TODAY

From The Daily Republican
Saturday April 25, 1908

During the high wind this forenoon fire was discovered in a large pile of old crates and rubbish in the rear of O. H. Bradway's furniture store in the Masonic temple and for a time a dangerous conflagration was imminent. The rubbish took fire from a spark blown from a bonfire in the alley. A quick response on the part of the fire department was all that prevented a big fire from occurring in the business district.

D. L. Gleason shipped sixteen Rush county horses to the Cincinnati markets yesterday. Several good steppers were in the bunch. Cicero Vance assisted in buying and shipping the horses.

Reynold and Clifford succeeded yesterday in moving to their mill in this city one of the largest logs considering length, that was ever brought here. The gigantic log measured ten feet in circumference or 37 inches in diameter, 30 feet in length and contained over 2,100 feet of lumber. It required ten horses on a double block to move the log from where the tree fell and it made six horses a heavy load to haul it to this city.

Mrs. Denny Ryan and son John are visitors in Indianapolis. Misses Merlie and Millie Mohler of near Raleigh were the guests of Miss Nola Ash in West Third street

What The New Laws Mean

Vital Provisions of the Indiana Statutes That Will
Soon Become Effective

Indianapolis, April 25—New Indiana laws which soon become effective, show the friendly spirit toward labor that was manifest in the recent Legislature. Those laws, signed by Governor McCray, who will proclaim them to be in operation as soon as the printed volumes of the Acts of 1923 are distributed to every county, strengthen the ban against child labor, codify the mining laws, with additions that promise "safety first", give labor an equal voice in the new state department of mining, and also give labor its representatives on the new building council.

In addition, no act that had the opposition of labor was passed by the Legislature and it also killed the proposal of Senator Chambers and other democrat leaders that would have forced prison labor, regardless of its ability, to attempt all construction work at the new reformatory. Although praising their proposal as an economy measure, the Democrats did not make it clear that they simply sought to change the present method by which the prisoners are employed, not as skilled workers for which they are untrained, but as laborers. On the final showdown, many democrats were not present to vote on the proposal, though it apparently had a united minority back of it in the preliminary legislative stages.

The outstanding laws, affecting labor, to be found in the new Acts of 1923, follow:

PROTECTING THE CHILD—House enrolled act No. 396 amends the workmen's compensation act by making minors "under any contract of hire or apprenticeship, written or implied, except one whose employment is both casual and not in the usual course" entitled to compensation under the act. Any minor fourteen years old or more who is permitted to work in violation of the child labor laws, would, if injured or killed, call for double compensation.

DEPARTMENT OF MINING—Senate enrolled act No. 161 creates a department of mines and mining, with powers vested in a board of four members appointed by the Governor, two to be practical coal miners and two to be active and experienced operators. While creating a new department, the act does not mean additional state expense because the work of the department is not confined to a bureau of the state industrial board. No salary is to be paid the four members, serving on the new board. The chief mine inspector, now head of the industrial board bureau, is to be secretary of the board. The powers and duties of the board are to administer the mining laws.

cause the work of the department is not confined to a bureau of the state industrial board. No salary is to be paid the four members, serving on the new board. The chief mine inspector, now head of the industrial board bureau, is to be secretary of the board. The powers and duties of the board are to administer the mining laws.

Mr. Einstein may have a great idea but with nobody understanding it but himself it must be very much the same as if he hadn't any.

Not Necessary, You Can Guess It
(Pittsburg Gazette-Times)

Girl who broke dance record was pronounced afterward by a doctor to be all right physically. Possibly he didn't pass on her mentality.

The Official Just Leave Him
(Louisville Courier-Journal)

Bonar Law declares he has no intention whatever of resigning. Perhaps he'll just move his residence from No. 10 Downing street.

Afraid, But Hardly Ashamed
(Detroit Free Press)

When the Russian Government tightens up the censorship it shows that it still has sense enough to be afraid of the truth.

Everybody's Trying to Catch It
(Toledo Blade)

So far there is no indication that anybody has been scared by Mr. Bryan's declaration that wealth is a disease.

Next Thing Is To Get It
(Baltimore Sun)

The outlook grows brighter, as France shows a disposition to be satisfied with all there is.

MRS. EASON GAINS
14 LBS. ON TANLACDeclares It Ended Long-Standing
Stomach Trouble, Restoring
Weight and Strength

"The Tanlac treatment has helped me just like it had been made especially for my case," recently affirmed Mrs. Edna Eason, highly esteemed resident of 709 Fort Wayne, Ave., Indianapolis, Ind.

"I had suffered from stomach trouble three years and had become so run-down nervous, weak and dizzy I was forced to leave my household work undone. I was also troubled with raging headaches, could not sleep, and lost weight until I was only a shadow of what I formerly was.

"Since taking Tanlac I have regained fourteen pounds of my lost weight and never felt better in my life. To feel so strong and well after suffering so long is certainly something to be thankful for and Tanlac will have my life-long praise."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

FISH EGGS TO BE OBTAINED
Will Be Hatched And Fish Placed
In Indiana Waters

Indianapolis, Ind., April 25. — Twenty-five million fertilized wall-eyed pike fish eggs are to be obtained this season by the state conservation department from Michigan authorities and, after they have hatched at Indiana hatcheries, the young fry and fingerlings will be planted in Hoosier public waters, according to George N. Mannfeld, chief of the Indiana fish and game division.

Fish culturists of the conservation department are now at Lake Huron and expect to obtain Indiana's quota purchased by the department and bring it to Indiana this week. The bulk of eggs will be sent to the Tri-Lakes hatchery in Whitley county, and some will be artificially propagated at the Riverside Park hatchery in this city.

WILL ORGANIZE BALL CLUB THURSDAY NIGHT

Several Rushville Fans Interested in Game Plan to Back Team in Rushville

TO PLAY FAST AGGREGATIONS

Final details for a representative baseball team for Rushville will be worked out Thursday night, when the new owners of the club will hold a meeting to determine the future policy of the team.

The men interested in the ball club are Guy Mulberger, Mark Parcell, Earl Conway, Harold Pearce and Luther Sharp, with the latter owning the stock of the Tail Light club. With additional capital, it is stated that the grounds can be placed in shape, and a first class aggregation of players put in the field.

The new owners expect to have only a fast team, and play teams in this vicinity, and as soon as a few preliminary games are played, a schedule will be made to include games with the fast teams in this section.

Million in New Players

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 25—Almost a million dollars' worth of young ball players will be tried out this season in the major leagues. Most of them will make the grade not so much because they are great ball players but for the reason that the two big leagues are in desperate need of young blood.

Duties other than baseball which fell upon young men during the war times set the process of developing young players back about three years and it is just now that the minor leagues are beginning again to turn out stars in large numbers for the faster company.

Every club in the two big leagues has one or more young players holding down important jobs, and in several cases pennant chances depend in a large part on how they deliver.

This is particularly true with the St. Louis Browns, who have Robertson, a youngster, on third base, and Durst, another one, on first base. The fate of the St. Louis Cards also rests in a large part on how fast Holm, a college boy, comes in under-studying Doc Lavan and how well Bottomly gets along at first base. The Chicago White Sox also stake their chances on Willie Kamm, the California third baseman, and Cleveland has two important places occupied by youngsters—Lutz at

third base and Summa in the outfield. The New York Giants have two big gambles in Jimmy O'Connell, the \$75,000 outfielder, and Jack Bentley, \$65,000 southpaw pitcher. If they deliver, the Giants ought to be in by the middle of August.

SPORT CHATTER

Boston—Bob McAllister, New York's "flying cop" and the national 100-yard champion has been suspended for six months by the New England Association of the A. A. U., for conduct unbecoming a gentleman.

London—America's amateur golf team, here for the Walker cup matches, and the British amateur championships, has started training at the Walton Heath club. British critics are enthused over Jess Sweetzer and George Rotan.

New York—Mike McTigue and Georges Carpentier will meet in a world's light-heavyweight championship bout on July 14 in the Yankee stadium or the Jersey City stadium, Texas Rickard announced.

Cincinnati—Paul Sentelle, National League umpire, who was operated on for appendicitis here Saturday night, was reported in a fairly good condition this morning. He is not yet out of danger.

DEFENDS STUDENT WHO BURNED MIDNIGHT OIL

Indianapolis, Ind., April 25—Dr. Edwin Sparks president of the Pennsylvania State College, today entered the lists in defense of the old fashioned students who used to burn the mid night oil in keeping up with his work.

In an address before the Phi Beta Kappa society of Butler College, Dr. Sparks declared more attention should be given to scholarships and less to the fads and frills of college life. Too much of the present day collegian's time is spent in pursuit of anything but an education he said.

CULVER TEAM GETS IN SHAPE

Shape For the Season
For The Season

Culver, Ind., April 25—With five weeks of training Coach Bob Peck's 1923 Culver cadet diamond squad has rounded into early season form. Peck has built a new team this year, as practically all of last year's team was lost by graduation.

The outfielders from last season's squad, and Collins, short stop have reported for the nine. Lustig, a basketball star, and Garber, who was a half back of Culver's, 1922 prep championship grid team, are candidates for baseball positions. Other candidates are Kuenster outfield, a holdover from last season; Porter and Erskine, pitchers, Macenz, football star, for third base, Campbell, second base; Morris, basketball mainstay, first base; Osborne, and Joseph Young, catchers, Bush, third base; and Hoffman and Buchanan, outfielders. Osborne and Young are Hoosiers. Bush is an all around athlete. He was captain of the football team, is an excellent golfer and holds a number of amateur boxing championships.

WHO IS LEGAL BOSS OF U. S. RAILWAY LINES

Washington, April 25—Who's boss of the railroads, the Supreme Court or the Interstate Commerce Commission?

That's what Attorney General Daugherty's legal staff is trying to decide.

When the Commission told the Southern Pacific Railroad it could retain control of the Central Pacific after the Supreme Court said it couldn't, it started something.

For ten years, the Department of Justice fought to separate the two roads, contending their joint operation was in violation of anti-trust laws. Last year it won a victory in the supreme tribunal of the land.

The Southern Pacific promptly went to the Commission and obtained from it permission to continue its control of the Central Pacific, despite the Supreme Court order.

They contended and the Commission agreed with them, that the Transportation Act passed by Congress in 1920 superseded the anti-trust laws as the embodiment of government policy toward railroads, permitting the Commission to sanction arrangements frowned on by the anti-trust laws.

Bulldog-like, the Justice Department hates to see the fruits of ten years work dissipated in thin air by the fiat of the Commission. It seems to it almost heretical that the Commission virtually flouts an order of the Law's supreme stronghold.

But times and laws change. The Department is now looking into the case to make sure that the Commission had the power to veto the court's order before it lets the matter drop. If it isn't convinced, it will take up its cudgels in behalf of the Supreme Court's mandate.

All Over Indiana

Pera—The little town of Gelves-ton is in bad. Old Man Sprinkle and son Sprinkle have declined to sprinkle the streets any more. They are owners of the Galveston sprinkling works. There isn't any money in sprinkling now, so they have asked the public service commission for permission to abandon the water works.

Elwood—This is "Beautify Your Block" week. Painters and paper-hangers are overworked beautifying premises.

Marion—Fifty lawyers attended an Americanism meeting here. C. C. Shirley, president Indiana Bar Association and C. C. Van Osdel, Anderson, spoke.

Shelbyville—A bronze tablet memorial in honor of soldiers of the revolution is to be unveiled in the library here.

TO BUILD Y. W. C. A.

Muncie, April 25.—A new Y. W. C. A. association building was assured for Muncie when announcement was made last night that a week's drive to raise half that amount has been succeeded. The remaining half had been subscribed in a drive two years ago. The new building will be on the site of the present structure, opposite the Y. M. C. A. building, and work will be begun just as soon as the contract can be let.

The Score Board

With President Harding watching him, Babe Ruth hit his second homer and two singles, the Yankees beating Washington 4-0.

Three runs scored in a 9th inning rally stopped the winning streak of the Cleveland Indians and gave the Tigers an 8-7 victory.

After the Robins had knocked Blume out of the box and scored 4 runs in the fifth with one out, Fred Johnson, rookie pitcher, stopped the rally and the Giants won out 6-4.

Tobin scored when Eddie Collins muffed a throw on an attempted double play and the Browns won from the White Sox 1-0. VanGilder, who won the only previous victory for the Browns, was on the mound.

Three runs on three scratch hits were all the Red Sox could get off Naylor and the Athletics won 7-3.

Vice Aldridge let the Cards down with only two hits and the Cubs won their seventh straight game 3-0.

Babe Pinelli led the attack with four singles. The Reds defeated the Pirates 5-4 and evened the series.

Society

Mrs. Donald Smith will entertain the members of the Thimble Club Friday afternoon at her home in North Harrison street.

The Sexton Missionary Society will meet with Mrs. Earl Grubbs next Tuesday afternoon, May, 1. All the members are urged to be present at this meeting and visitors are welcome.

Mrs. Walter Easley entertained the Century Club Tuesday evening at her home in North Perkins street. Five Hundred was played during the evening and at the close of the card games the hostess served delicious refreshments.

At the regular meeting of the Delphian Society to be held Friday afternoon at 2:30 o'clock in the Elks club rooms, the members will discuss "Goethe and Schiller." All the members of the club are invited to attend this meeting. Miss Florine Grouner will be the leader.

The Grand Chapter of the Order of Eastern Star is being held in Indianapolis at the Masonic Temple today and Thursday. The representatives from the local order of the Eastern Star who are attending the meeting are Mrs. Verl Bebout, Mrs. Ed Beer and Joe Stevens.

The Ladies Aid Society of the First United Presbyterian church met at the home of Mrs. Harry Kramer Tuesday afternoon and enjoyed a splendid meeting. The usual routine with a business session and a devotional hour, was carried out and a social hour was held during which the hostess served refreshments.

Mr. and Mrs. T. R. Lee entertained with an elegant three course dinner party Tuesday evening at their home west of the city. The evening was enjoyed socially with music. The guests were Mr. and Mrs. L. A. Lockwood, the Misses Marion Titsworth, Marguerite, Plummer, Augusta Welker, Mabel and Marian Lee.

Miss Lydia Hurst was hostess to the regular meeting of the Woman's Missionary Society of the Pleasant Ridge M. E. church Tuesday afternoon at her home west of the city. Following the devotional period, Miss Myrtle Wilson, a returned missionary from Africa, gave a very interesting discussion of her work while with the natives and of other experiences she encountered on the sea. She was a very able talker and the guests were very much pleased with the talk. At the close of the program the hostess served delicious refreshments.

A delightful meeting of the Pastor's Aid Society of the Main Street Christian church was held Tuesday afternoon in the Sunday school room of the church, with Mrs. Homer Cole as leader. The meeting opened with Bible reading by Mrs. Eugene Butler followed by prayer by Mrs. L. E. Brown. Miss Brenda Kinsinger gave a group of instrumental selections which were highly praised. Mrs. Francis Kuecht entertained the guests with readings and monologue which closed the program for the afternoon. During the social hour dainty refreshments of hot chocolate, marshmallows, and cakes were served to the sixty members, and guests present.

Two short plays were very ably reviewed at the regular meeting of the Shakespeare club Tuesday evening, Mrs. Guy Amercombie being the entertaining hostess at her home in North Perkins street. Miss Anna Bohannon discussed the one act play "Trifles" and Miss Ramona Norris discussed "Martha's Mourning." A business meeting was held during which officers for the ensuing year were elected. Miss Belle Greer was chosen president; Miss Lois Fritter, vice president; Miss Ramona Norris, secretary treasurer. Mrs. Donald Smith was appointed chairman of the executive committee, and Mrs. Donald Ball and Mrs. John Kiplinger were selected as members.

Mrs. Thomas Woods was delightfully surprised Sunday at her home in East Eighth street, honoring her seventieth birthday. The delicious dinner was served in cafeteria style. The guests included, Mr. and Mrs. Roll Gregory. Mr. and Mrs. Ernest Christian and family, Mr. and Mrs. Lora Williford and son, Mr. and Mrs. Albert Miller and family, Mr. and Mrs. Paul Gregory and daughter, Mr. and Mrs. Birney Woods and daughter, Mrs. Russell French, all of near Greensburg, Mrs. Neal Woods, Mrs. Sylvia Snyder and son of Indianapolis, Mr. and Mrs. Henry Duncan and family, Mr. and Mrs. Bethel Ruhman, Mr. and Mrs. P. M. Platt, Mrs. Chase Craig, Mrs. Nick Rusis, Mrs. Jones and family, Mr. and Mrs. Frank McIlvaine and son, Mr. and Mrs. Harry Allen and sons and Thomas Woods.

RED STAR OIL STOVE

Detroit Vapor

Operates 19 hours on a gallon of fuel

Even gas heat is possible from the cheapest grade of Kerosene or Gasoline.

FIVE MODELS
A size for every kitchen

The burners light on a scientific principle—instantly—like gas. The principle makes wicks or wick substitutes entirely unnecessary. There is nothing to learn—simply strike a match, light the burners and put the kettles on at once and the cooking begins.

No other stove uses or can use a wickless burner of this type. It is patented for the RED STAR exclusively. The fuel flows directly into the burner—Here the fuel is immediately mixed with the proper amount of air. As the gas and air mix in the burner, and come to the top of the burner, turning into a very hot flame.

This Is The Burner — No Wicks or Wick Substitutes

GUNN HAYDON

The Doctor Was Right

When the good old family doctor was asked about baking powders, he said:

"Use Royal. It is made from Cream of Tartar and is absolutely pure. You could dissolve a couple of tea-spoons of Royal in water and drink it with profit. That's a health test few baking powders can meet."

The doctor was right.

ROYAL

Baking Powder

Made from Cream of Tartar derived from grapes

Contains No Alum—Leaves No Bitter Taste

Royal Bride's Bonnet

This hat, worn by a mannikin, was chosen by Lady Elizabeth Bowes-Lyon, bride-elect of the Duke of York, for her trousseau.

TAX LIENS ARE FILED TODAY

Lexington Company, Connersville, Owes \$40,073.53 in Back Taxes

Indianapolis, Ind., April 25. — Tax liens aggregating \$40,073.53 were filed against the Lexington Motor Company of Connersville by M. Burt Thurman, collector of Internal Revenue today.

The liens were for sale taxes due November and December 1922 and January, 1923, together with penalties for failure to pay on time.

Bankruptcy proceedings against the company are now pending in federal court.

JUST LIKE A MAN

"My husband suffered for several years with stomach trouble. He often had colic attacks that put him to bed. But a man can't stand the pains that a woman can. He thought he was going to die and the doctors didn't seem to help him any. Like a drowning man grasping for a straw he tried Mayr's Wonderful Remedy, which a nurse told us about and now he is entirely well and eats anything." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. —Advertisement

Don't Sow Peas Too Thickly
Old-fashioned gardeners always insisted in sowing about three times as much pea seed in a row as could grow well and produce a maximum crop. To add to the waste of seed and peas, they planted these thick rows in double series. Peas are a cool weather crop and planting season extends from the earliest time the ground can be worked until the end of May at the latest with early fall crops occasionally.

It is best to sow peas in a single row and the individual peas two inches apart. In this way each vine will produce to capacity and will give twice as many peas per vine as in thick planting. These single rows may be planted in double ranks for the sake of utilizing brush or chicken wire support or if the space is limited.

Peas must be cultivated faithfully to be at their best as they are a cool weather crop and demand cool roots.

The maintenance of a dust mulch in dry spells will do wonders towards keeping them going. They need liberal soakings in unseasonable dry, hot spell intervenes in June as sometimes happens.

Although the dwarf peas will grow well without support they will do better even the most dwarfed, if given a width of narrow chicken wire to start them into upright growth. The taller of the dwarf section, those that grow two feet or more high, need this support and some of the finest of the dwarf section attain this height.

QUARTERLY CONFERENCE

The Rev. J. M. Walker, district superintendent of the Connersville district of the Methodist church, will hold a business session of the quarterly conference of the Clarksburg-Carmel charge at Clarksburg Saturday afternoon at 2:30 o'clock. The Rev. F. T. Taylor of the Glenwood M. E. church will preach Sunday morning at 10:30 o'clock at the Clarksburg M. E. church and the Rev. Mark Crider, evangelist, will begin a series of meetings on Sunday night at 7:15 o'clock.

INDUSTRIES RAISE WORKERS WAGES

Movement Spreading Among Manufacturers To Increase Wages Of Employees 10 Or 12 1/2 Per Cent

FEEL LACK OF WORKMEN

Advance Of Wages Is Intended To Hold Together Working Forces And To Offset Commodity Prices

Indianapolis, Ind., April 25. —

A general wage increase averaging around 10 or 12 1/2 per cent is under way in several industries of Indianapolis, and this applies not only to the building trades but to those industries which produce building materials of various kinds. The movement, it is said, is spreading among other lines of manufacturing.

Hardly a line of industry in the city is not feeling the lack of workmen, and the advance of wages is intended to hold together the working forces as well as to offset any increase of commodity prices. While some commodities have reacted to a higher trend, the only sharp advance has been in sugar, with the government suit having been filed to stop speculation in that commodity, which resulted in a drop in the sugar market.

Behind of the present level of prices, observers of economic conditions find a feeling of caution, and while manufacturers are seeking workmen to increase their output there appears only the desire to fill orders already placed. The extremes of the Wilson administration when in excess of living costs and advances of wages chased one another around finally bringing the tangle in wages and later lower prices, have not appeared, but the present prosperity is reflected for 1922 by the income tax returns for Indiana, showing that the improved conditions resulted in a 25 per cent increase of receipts, and the continuity of the prosperity also is shown by the increase this year of excise tax on manufactured goods.

Watch your pimples vanish

Why? Pimple-Poison goes when Red-Blood-Cells increase! S. S. S. builds these Red-Blood-Cells!

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red rivers of your blood as long as there are

Every woman, every man, can now have a face clear as a Rose-Petal!

enough rich red-blood-cells in it. More red-blood-cells! That is what you need when you see pimples staring at you in the mirror. Black-headed pimples are worse! Eczema is worse yet! You can try everything under the sun—you'll find only one answer, more cell-power in your blood! The tremendous results, produced by an increase in red-blood-cells is one of the A. B. C.'s of medical science. Red-cells mean clear, pure, rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead pest, from boils, from eczema and skin eruptions, from rheumatic impurities, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1826, as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

S.S.S. makes you feel like yourself again

TO REPRESENT UTILITIES

Advertising Men Plan To Attend Convention In Atlantic City

Indianapolis, Ind., April 25. — A number of Indiana public utility advertising men will attend the first meeting of the public utility advertising association to be held in Atlantic City, June 3 to 7, in connection with the annual convention of the Associated Advertising Clubs of the World. The new association has been made an official member of the Associated Advertising Clubs, and is one of the twenty-three departments of the National Advertising Commissions, according to an announcement today by John C. Mellett, of Indiana Public Utility Association.

More than a score of Indiana utility companies employ advertising managers, and more than seventy-five of the other companies designated executives to handle advertising problems in addition to their other duties. Many of these men will attend the first utility advertising meeting in Atlantic City, according to Mr. Mellett.

TRANSPORTATION TO BE DISCUSSED

Plans Now Being Made For 11th Annual Meeting Of Chamber Of Commerce In New York City

TO INVITE RAILROAD MEN

Business Prosperity Depends On Finding Right Way To Deal With Carriers Of Commerce

Washington, April 25.—Plans now being made for the 11th annual meeting of the Chamber of Commerce of the United States, to be held in New York City, May 7 to 10, call for European affairs and transportation as the principal subjects of discussion, it was announced at headquarters here.

Representatives of railroads, waterway operators, the motor industry, producers and the shipping interest will join with the 4,000 or more delegates in attempting to work out a solution of the transportation problem of the country, Vice President Elliot H. Goodwin, of the chamber stated.

"Business prosperity—and that means our greatness as a nation—depends on finding the right way to deal with the carriers of our commerce," explained Goodwin. "Our transportation tonnage is increasing; railroad ton miles have trebled in the last twenty years. We cannot speculate on what they will be in twenty more."

The solution of the problem lies in harmonizing the railroad, motor trucks and waterway carriers, in the opinion of the largest part of the business world, said Goodwin. It is with this in view that the transportation subject will be thrashed out at the New York meeting.

The European section of the meeting will be led by American delegates to the meeting of the International Chamber of Commerce, who are now abroad. They are expected to return before the meeting in New York begins, and will bring with them fresh from the other side the problems of the Old World.

"Questions such as reparations, war debts and currency depreciation, which have had such a vital effect on American business since the signing of the armistice in 1918 will be taken up," said Goodwin.

"It is not to be expected," the vice-president explained, "that this meeting of American business men can work out these problems overnight. We only intend to discuss them, and in so doing find what the general consensus of opinion of the thinking business men of the country is in these two items so important in our national life at this time."

1,000 G. A. R. EXPECTED

Indianapolis, Ind., April 25. — Nearly 1,000 Indiana members of the Grand Army of the Republic will attend the state encampment at Muncie May 15 to 17, Albert J. Ball, assistant adjutant general announced today. Two hundred Indianapolis veterans of the civil war are expected to go to the encampment, he said.

THEATRES MOVIES

Shirley Mason At Mystic

Shirley Mason, the dainty little star of the William Fox group will be seen at the Mystic today in her latest vehicle, "Lovebound," a story by the noted writer George Scarborough.

The feature which was adapted for the screen by Jules Fathman and Josephine Quirk and directed by Henry Otto, offers one of the most absorbing entertainments that have been seen on the local screen this season.

Cast as the little stenographer of the enterprising district attorney whose affection has brought him to the point of proposal, and as the daughter of a one-time crook and members of the underworld, Miss Mason (as Bess Belwyn) finds herself in the position of being compelled to assist a former friend of her parent's in a mission of ill-design. But to save the name of her now repentant father, the girl consents to accompany the blackmailer on his swindle.

How the story winds its way

through a labyrinth of interesting complication offers many thrilling moments to the spectator.

In "Lovebound" the Fox star is supported by Albert Roscoe, well known for his support of many of the nation's most prominent stage stars in their Broadway productions. Others in the cast are of the same high excellence.

Spectacular Play Is Here

"Heart's Affair," announced as one of the biggest spectacular photoplays of recent years, is to be presented at the Princess Theatre today where it will be seen two days. It is Reginald Barker's latest production, released by Metro, and it adds considerably to the fame of this director of big pictures.

One thing in particular has attracted widespread attention in connection with this picture, and that is a vivid and exciting forest fire, which is said to surpass anything of the kind ever before presented in motion pictures. In order to reproduce it for screen purposes, a

THE OLD HOME TOWN By Stanley

tract of timber was ignited and twenty cameras photographed it from many angles. It is through this

raging blaze that Anna Q. Nilsson runs a locomotive and in staging this realistic episode the celebrated

screen actress was painfully burned. Her injuries kept her confined in a hospital for several weeks.

The forest fire is one of several big scenes in the picture. There is, in addition, the blowing up of a dam done to release thousands of logs which lay stranded and imprisoned. Another big scene is the dynamiting of a hillside, necessary to prevent the spread of the forest fire.

In addition to these thrills, there is a story of unusual interest. It concerns a young man who leaves his millionaire father's home and goes to the Michigan woods in order to "make good." There he meets an aggressive miss, who single handed, has defeated the aims of the neighboring lumbermen, intent on depriving her of her valuable timber tract. A romance begins between them; and circumstances send them together through the flaming forest in the cab of an old locomotive.
